Natasha McCaldin

BDS (UK), BSc (Hons)

Information for Patients

Natasha began her dental career in 1999 with a degree in Dental Technology from Manchester. Natasha worked as a dental technician but realised her true vocation lay much more with clinical dentistry.

Returning to her home in Newcastle she subsequently graduated as a dental surgeon from Newcastle University in 2007.

Natasha is enthusiastic about all aspects of her work, but is particularly keen to develop her skills in the field of cosmetic dentistry.

Being aware that many people face fears and anxieties when going to the dentist, she is also currently attending a course in dental sedation.

Outside of work Natasha is married to a local GP with whom she has a lovely daughter, Chloe.

Their smallholding in the Tyne Valley is home to their black Labradors, cat, and a herd of pedigree Dexter cattle. Natasha enjoys keeping fit with running, swimming and riding and is a keen diver when abroad.
